One-To-One Workshop

w/ Eva Nina Lampič @ House of Klajn

21. - 22. 3. 2026.

We invite you to an intensive two-day workshop "One-To-One" led by Slovenian director and performer Eva Nina Lampič – an experimental theatre author and artist who develops hybrid formats between performance, conversation, and debate.

The One-To-One format explores the specifics of a performance encounter one-to-one, between one performer and one audience member.

The workshop explores what possibilities this opens up, what possible formats and styles of expression exist, what dynamics of the relationship between the audience and the performer are possible, and what this format can offer that other performance forms cannot.

In this weekend workshop, we will collectively explore ways to approach this performance form through various artistic styles and approaches.

What makes the "one-to-one" format special? What are its limits, and what are its hidden possibilities? This format allows for an intensity and focus that is rarely achieved in conventional theatre conditions, the responsibility and presence of the performers, and a performance as a personal event rather than a spectacle.
